Brief Identification Procedures (ID Viewing)

\$295

It is important to know an identification (ID) viewing is different than what most people have experienced during a traditional funeral with open casket viewing. ID viewings do not include cosmetic improvements made to the deceased. The body will be bathed and placed on a table and covered with a sheet or placed in the container selected by the family via our website or during arrangements. It is truly meant for identification purposes only. Here are the specifics regarding ID viewings:

- Must be scheduled with our staff prior to coming to our facility.
- Limited to IMMEDIATE FAMILY ONLY : spouse, children, grandchildren, parents, siblings only.
- Limited to 20 minutes.
- Will take place in and identification room at our care center facility, or at our crematory location.

There are times when a funeral director will not recommend an ID viewing and suggest an alternative ID method. When this occurs, families should seriously consider this recommendation. Funeral Directors are trained, licensed professionals who are concerned about the family, not just the deceased. If the deceased has sustained serious injuries or if the deceased is in an advanced state of decomposition, it is their responsibility to let the family know that the body is no longer in a condition where it should be viewed in an unembalmed state. With these types of cases, the funeral director will suggest a Photo ID or identifying a unique physical characteristic. If the family still insists on viewing the deceased, The Cremation Society of Indiana will require for the body to be embalmed prior to viewing.

Cremation Witness Procedures

\$295

Witnessing cremation is by appointment only. The Funeral Director will call you as soon as all required documents are obtained and schedule a time for the witnessed cremation. Your loved one will be at our crematory, Greater South Side Crematory, 481 W. Main Street, Greenwood, IN, 46142.

Your loved one will be bathed, features posed, dressed in clothing provided by the family or in a hospital type gown and placed in the container decided upon by the family. If the family would like a few moments to spend with their loved one prior to cremation, this will occur at our crematory. The family will be witnessing the start of the process only.

Outer Burial Container Price List

Effective December 9, 2020

Our funeral home makes no representations or warranties regarding outer burial containers.

We do not warrant or claim that the vault you are purchasing is air and/or watertight. Please refer to the manufacturer's warranty for the merchandise you purchased. The only warranties, express, or implied, granted in connection with goods sold with this funeral service are the written warranties, if any, extended by the manufacturer thereof. No other warranties and, specifically, no implied warranties of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE are extended by the seller.

In most areas of the country, state or local law does not require you to buy a container to surround the casket in a grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

Certain outer burial containers listed are available in extra width and length size upon special order at an additional cost. We will gladly quote on these if requested, but many of these are on the reverse side of this price list.

Outer burial containers are subject to availability from the manufacturer and may be substituted with merchandise of equal or better quality. Due to changes in the manufacturing process the actual outer burial container delivered may vary in color, finish and hardware as compared to photographs or samples shown.
